WILL BOMB JAPAN IF UN STRIKES NORTHEAST -- Hong Kong, Kung-shang Jih-pao,
31 Aug 51

Taihoku, 30 August -- Chung-lien She reports that on the basis of a recent Sino-Soviet secret agreement, Soviet planes flying under the banner of the Chinese Communist Forces will bomb Japan if UN bombers strike the Northeast. Some 2,000 aircraft are said to be assembled in the Northeast and North Korea in readiness for action.

According to Chung-lien She, 20,000 Japanese POW artillery men are assembled at Mukden. With them are a group of medical personnel selected from the Northeast and North China Chinese Communist Forces, who have received orders to be transferred to Korea.

CHINESE TO GET LARGE QUANTITIES OF SOVIET EQUIPMENT -- Hong Kong, Hsing-tao Jih-pao, 29 Aug 51

A Taihoku intelligence source reveals that according to a new Peiping-Moscow agreement, the Chinese Communists are to receive from the Soviet Union 2,000 aircraft, 1,000 heavy artillery pieces, and 600 tanks, and that the Chinese Communist forces are to continue to be responsible for supplying men for the Korean conflict. The Chinese Communists, Chung-lien She reports, have 700,000 men in Korea of whom 350,000 are on the front lines.

TROOPS FROM USSR TRAIN FOR KOREA -- Hanoi, L'Entente, 6 Sep 51

According to a reliable source, a large number of long trains have crossed the Sino-Soviet border since last spring. Each of these trains carried either 2,000 men or tanks.

Upon arrival these troops were assigned to an immense training camp in the Mu-tan-chiang region in Manchuria. This camp was inspected by General P'enj Te-huai on 29 May 1951. Although some of these troops crossed the Yalu in July 1951, none has been in combat in Korea up to now.
